

**COLUMBIA ROOFING**  
INCORPORATED  
Windows • Gutters • Siding • Roofing • Door

Your staff and contractors were most impressive. Your estimator not only followed-up but he responded to all of my phone calls and emails. Your workers were polite and hard working, a pleasure to deal with; their carpentry and analytical skills exceptional; their work ethic, admirable. With the hard work behind us, and only positive results to reflect upon, I wanted to share how fortunate you are to have such a competent and skilled staff. Kudos to you.

*Teresa Brookland*

Beginning in 1977, Mike Christopolis partnered with Howard County builders developing relationships that remain strong today. Named for the burgeoning town and surrounding areas, Columbia Roofing , was incorporated in 1981.

Conveniently located throughout Maryland,  serves the Maryland area quickly and efficiently. Our easy access to major transportation routes make it possible for us to serve the entire Maryland corridor.  is licensed, insured, and bonded in Washington, DC and Maryland and holds certification from most major roofing manufacturers.

Our best feature is our experienced, well-trained and dedicated staff of professionals. We know our industry. Our knowledgeable sales, service, and installation professionals are dedicated to working with our clients to plan, schedule, budget, and complete every project.

**Today CRI has expanded its quality remodeling services to include:**

- Residential and Commercial Roofing
- Siding, Soffit and Fascia
- Window and door replacement
- Gutter and downspouts
- Gutter Leaf Guard protection
- Metal Roofing for residential, commercial, and retail

 provides certified installers for Certainteed, GAF and the Cedar Bureau.

Over the years, our customers including residential and commercial properties and property management companies have relied on the expert service and reliability  brings to every project. As a result, our customers know Columbia Roofing Incorporated as an industry leader. We are also proud supporters of Christmas in April, Re-building Together and other charitable organizations.

's performance excellence for jobs of all sizes includes quality of materials, expert workmanship, superb customer service, and competitive pricing.

## RESIDENTIAL AND COMMERCIAL

### Roofing

We install all types of asphalt/fiberglass shingles, cedar shake, slate and metal. Manufacturers include Certainteed, GAF, Tamco and Owings Corning.

### Metal Roofing

CRI also installs metal roofing for residential, commercial and retail properties. The advantages of metal roofing are:

- Doesn't rot, crack, warp, curl, split, flake, peel, break, burn or blow off
- Most resistant roofing material to hail, wind, fire and freezing/ thawing cycle
- Available in wide variety of roofing styles, patterns, designs and colors
- Light weight - most styles weigh less than 1/3 the weight of asphalt/fiberglass shingles
- Energy efficient - can lower your A/C and heating costs.
- Low Maintenance
- Long lasting and durable
- Long warranty
- Can reduce the cost of homeowners insurance
- Can usually be installed over your existing roof
- Can increase the value of your home
- Recyclable material

### EPDM and Global Decking

Installed on most flat roof areas and decking.

### Siding

We install all varieties of aluminum siding, wood siding, vinyl siding and cement siding. Manufacturers include Certainteed, James Hardi, and Alcoa. We also install soffit and fascia.

### Gutters

We install all types and colors of 5k & 6k aluminum gutter, copper, galvanized and custom box gutter. We also install "gutter control" leaf protection.

### Windows/Doors/Skylights

We install double hung vinyl or wood, vinyl or wood entry doors, and fixed or operable skylights. Manufacturers include Certainteed, Anderson Velux and Wasco.

### Service/Repair

We offer service repairs on all roofing, siding and gutter contracts.

### Framing: Interior Basement Framing

We will frame out unfinished basements to the customer's design.

The work on our new roof was done in a timely manner by your staff. I want to commend them for their courtesy, very hard work, and professionalism. I am happy to recommend Columbia Roofing.

*Marion H. O'Donnell*

## THE CRI PROCESS

### Step 1 Planning

- **Quoting:** During the planning stage, upon contacting us, a qualified salesman will visit you to identify your needs, the scope of the project, and provide a fair, accurate price.
- **Preproduction:** With a signed contract and deposit, our Production Department reviews the project, orders materials, and outlines the project.
- **Scheduling:** After reviewing and approving the contract,  will contact the owner with a date and time. All dates are 'weather permitting.'

### Step 2 The Project

- **Material delivery, loading and site prep:** Our production manager will notify you when materials will be delivered. Project managers will perform a site inspection and formulate the plan for work if project warrants it.
- **Tearoff and underlayment:** After placing protective tarps on all landscaping, our tearoff crew will remove and dispose of the old roof. This potentially dangerous portion of the project is carefully monitored by onsite software providing weather information.
- **Shingling the roof:** By using the latest technology and techniques, our courteous, well trained, certified master roofing specialists, perform quality work, efficiently.
- **Cleanup:** We clean and remove all trash as well as magnetic roll your yard to collect any stray debris.

### Step 3 The Paperwork

- **Final Payment and Warranties:** After our Field Supervisor qualifies the job to our standards of excellence with owners, we request final payment and provide owner with warranty package.

## FINANCING

Through its business partnership with GE Money Bank, Columbia Roofing is pleased to offer on-line financing to qualified buyers with the PROJECTLINE account from GE Money Bank. To apply, go to our website at [www.columbiarroofing.com](http://www.columbiarroofing.com) to the finance page. Follow the prompts to enter your information for application. If you are approved, print out your pre-approval form, which you can use by presenting to Columbia Roofing. Please note that Columbia Roofing is not involved in the credit approval process. Approval is at the sole discretion of GE Money Bank. The application process is fast and it's easy!

## WARRANTIES

**Our products provide the following warranties:**

- 1.** CertainTeed Sure Start Protection on Asphalt Shingle Products
- 2.** GAF Smart Choice Shingle Limited Warranty
- 3.** GAF Golden Pledge Limited Warranty

*Ask our experienced sales force for detailed information on all of our warranties.*
